

Profile of Infinity

Infinity catalyzed the IT revolution in Eastern India through Infinity Think Tank, the first 'intelligent' IT empowered workspace in Kolkata in a then-deserted Salt Lake, Sector-V. A couple of decades later, Sector V has evolved into more than the largest IT hub in Eastern India. It is an economy driver contributing and catalyzing the development of the greater Kolkata area at Salt Lake, Rajarhat, Newtown, E.M Bypass and Bantala.

Infinity has been a pioneer and spreading its wings in building Intelligent Green Infrastructure across India. Some of the inspiring and award winning commercial projects are Infinity Benchmark, an USGBC certified Platinum rated Green Building - 7th in the world and 2nd Outside USA. Godrej Waterside an IGBC certified Green Building which is the largest gold rated green commercial infrastructure in Eastern India. Infinity IT Lagoon, an IGBC Certified Platinum rated Green Building awarded as the best commercial development in the eastern region by Crisil and Credai.

Infinity recognizes that Small and Medium Enterprises are the growth engines of any economy. Thus, Infinity developed the first green Business Centre at Salt Lake, Sector V providing 360 degree office solutions to the SMEs & Startups.

Over the years, Infinity has diversified into residential and retail verticals across India creating many firsts. In the residential segment some of the notable project includes soon to be launched Infinity Greens which is the largest green residential project of Eastern India, Infinity Signature Estates and Infinity Heights at Guwahati which are amongst the first green residential projects of India. In the retail arena, Infinity Sapphire Square will now be the first Green Shopping Mall of Jharkhand in Ranchi. Mayavan a gated villa township – first of its kind in Vrindavan has also set new benchmarks.

Giving back to society and nation building is both Infinity's commitment and passion.

Infinity is building a spiritual landmark in India called Krishnabhumi. Krishnabhumi is conceived as an iconic life changing living experience in Vrindavan where the nucleus of the project rests in a magnificent Krishna temple which is the tallest in the world. People can live in spiritual harmony with the Lord in luxury apartments and villas which overlook the iconic temple – A first of its kind!

In India, there are more than 100 million senior citizens aged 60 and above and the number is going to double in next 15 years. Infinity has developed the first Green old age home in the country - Jagriti Dham, a senior living facility at Amtala, Kolkata to cater to the Senior Citizens.

As a part of Corporate Social Responsibility, Infinity has been supporting Akshaya Patra, world's largest NGO providing mid-day meal to 1.3 million students daily, Anant Education Initiative, an NGO which aims to empower education by providing scholarship to meritorious students. In the field of healthcare, Infinity supports Bhagwan Mahaveer Viklang Sahayata Samiti (BMVSS) which is the world's largest organization serving the disabled, Institute of Neurosciences, Kolkata (INK) which is Eastern India's first super specialty hospital for treatment of brain, spine and nerve disorders, Ramkrishna Sarada Mission Matri Bhavan, a 60 year old hospital in Kolkata, catering to only women and children, Eye Care & Research Centre which has been providing quality eye care services at affordable cost and Manovikas Kendra Rehabilitation and Research Institute for the Handicapped, a premiere Institution of Eastern India working for the development of challenged children and young adults.

At Infinity, we believe making Infinite Possibilities happen!
